

Hollywood Here We Come...

Our own Habitat Specialist, Dr. Paul Morrow is going to be featured on the new Jimmy Gretzinger Michigan of Outdoors TV show starting June 4. Doc will be talking habitat from the ground up.

This will be a multiple show series on how to acquire seed, preparing the ground, planting seed, what wildlife it will attract and more. You will not want to miss this informative series. (The show can be viewed on East Lansing's PBS station WKAR-TV at 8:00 PM on Thursday June 4 and it reruns on Saturday at 4:30 PM. Please check your local listing for more information.)

Need Seed? If we missed you at the Ingham County Conservation District on Thursday April 16th, Friday April 17th or Saturday April 18th for our annual seed distribution. Don't worry, we may still be able to help. Contact either:
